

RMLS™ Rules Roundup for November 2019

The RMLS™ Rules and Regulations Committee has requested that periodic reports are given to subscribers about the number and types of formal rules violations, along with information about informal violations and courtesy notifications by type. Read [“If a RMLS™ Rule is Broken, What Happens?”](#) for a deeper explanation.

Have you ever spotted something wrong in a property listing on RMLSweb? The Data Accuracy team is responsible for sorting things out whenever a RMLS™ subscriber contacts us—whether that is via the “Report Issue” button on a listing, by email, or contacting us directly by phone. In November 2019 our team handled 205 phone calls.

We track 32 specific issues in Listing Data Checker (LDC), the software that helps us spot and correct issues proactively. Six of these are courtesy notifications, but the other 24 are informal violations of the RMLS™ Rules and Regulations. In addition to our focus on education we also process formal violations throughout the year.

HOT TOPICS

This fall we have heard some concerns regarding buyers agents potentially giving out SentiLock codes when they are unable to be present at a showing. As a reminder this is a violation and it is never okay for a buyers agent to give a lockbox code to anyone for any reason. If you are unable to be present with your buyer please arrange for someone else to show the property or reschedule the showing.

The [RMLS™ Rules and Regulations Committee](#) reviews all [formal complaints](#) which allege a violation of the [RMLS™ Rules and Regulations](#). The committee has the power to impose sanctions.
