

# RMLS™ Rules Roundup for July 2020

*The RMLS™ Rules and Regulations Committee has requested that periodic reports are given to subscribers about the number and types of formal rules violations, along with information about informal violations and courtesy notifications by type. Read [“If a RMLS™ Rule is Broken, What Happens?”](#) for a deeper explanation.*

Have you ever spotted something wrong in a property listing on RMLSweb? The Data Accuracy team is responsible for sorting things out whenever a RMLS™ subscriber contacts us—whether that is via the “Report Issue” button on a listing, by email, or contacting us directly by phone.

We tracked 32 specific issues in Listing Data Checker (LDC),

the software that helps us spot and correct issues proactively. Six of these are courtesy notifications, but the other 26 are informal violations of the RMLS™ Rules and Regulations. In addition to our focus on education, we also process formal violations throughout the year.

## **HOT TOPICS**

We have been looking at ways to help improve the database of listings and one thing that we noticed is that there are quite a few listings that were not updated from pending (PEN) status to sold (SLD) status within the required time frame. As a reminder, all status changes must be made within 24 hours, excepting weekends and postal holidays, of the actual change in status. We are working on a mechanism to send out courtesy reminders to people who have gone beyond this time frame.

This month we want to continue to remind everyone that prior to scheduling a showing, it's important to double check the listing for any special showing accommodation requests or notes from the seller(s) and/or Seller's Agent. Be safe out there!

## **FORMAL VIOLATIONS**

The [RMLS™ Rules and Regulations Committee](#) reviews all [formal complaints](#) which allege a violation of the [RMLS™ Rules and Regulations](#). The committee has the power to impose sanctions.

The committee did not meet in July 2020 as there were no cases to review.

## INFORMAL VIOLATIONS
