Real Estate Taxation (Florence)

The heart of any community is healthcare. It is one of the first questions potential buyers ask their agent, and is critical to future growth and economic development. Our high level of quality care rivals facilities more than twice our size.

Join us for an educational opportunity and to have lunch with CEO Rick Yecny. Hear about our latest awards, future plans, and current challenges. Learn how you can heal and save lives, as well as reduce real estate taxation for sellers by partnering with our foundation.

Join us after the lecture for a behind-the-scenes tour of the campus highlighting our nationally recognized programs and services as an amazing bonus to the credits you will earn for

the class lecture. Surgical and endoscopic services, high-tech diagnostic imaging, patient experience redesign, and cardiac rehabilitation.

Lunch provided!
