

RPR® Basics and RMLSweb Updates (Rockaway Beach)

RMLS™ trainer Stephanie Chumbley is coming to Rockaway Beach! In this class, attendees will learn how to get started with REALTORS Property Resource® (RPR®) and take advantage of all that's available as an RMLS™ subscriber. Elevate your knowledge and service to a new level with the tools from the RPR® website. You'll learn about detailed property reports (including pre-foreclosure info and mortgage data); how to fine-tune the proposed price for CMAs; how to generate custom reports for buyers and sellers; and how to create remarkably specific property searches for your buyers.

This class is worth 1CE in Oregon, but **space is very limited!** Register for RPR Basics and RMLSweb Updates.
