

# City of Portland Home Energy Score Program (Webinar)

Earth Advantage® has developed a city-approved training based on the final rules to help real estate professionals answer common questions and to provide a comprehensive overview of the program requirements of the City of Portland's Home Energy Score program. Join Earth Advantage in a webinar to learn about the final rules and discuss your questions.

Attendees will learn how the home energy score program will work, what makes an above- or below-average score, how to describe the score to buyers and sellers, and more!

*This webinar is free to participants thanks in part to support from the Energy Trust of Oregon.*
