

2017 Build Small, Live Large Summit (Portland)

Building smaller homes is one way to address both rising home prices and rising temperatures that are changing our planet's climate. The 2017 Build Small, Live Large Summit invites you to join leaders in ADU policy, design, and development to learn how to catalyze an ADU movement in your city. This event includes a conference, tours, and workshops. This year's summit will focus on ADUs.
