

Webinar: Cloud CMA: Virtual and Automated CMAs Made Easy

Introducing Cloud CMA Live!

Now you can virtually present an interactive CMA through Zoom or Skye, explain “what if” scenarios by adding or removing comps on the fly , and feature videos and links in a modern way in your reports.

But that is just one new feature of Cloud CMA that will be shown in the upcoming webinar, **Cloud CMA: Virtual and Automated CMAs Made Easy**, exclusively for LVR members on either November 19th, December 3rd, or January 7th at 10am PT. And the best part is they will show you how you can get these tools FREE until February 2021!

Join this webinar to learn how to:

- Create modern, customizable CMA reports that you can deliver printed or through email.
- Use days on market data to help support your suggested list price.
- Keep your branding front and center to stay-top-of-mind.
- Automate your business so you can spend more time with clients.
- And more!

Don't miss the opportunity to get the most out of Cloud CMA so you can start winning more business today!
