

Webinar: Homesnap – Prospecting For Seller Leads – RMLS

Advanced Webinar – Prospecting For Seller Leads – RMLS

Tuesday, March 23 11:30 AM – 12:00 PM PDT

<https://attendee.gotowebinar.com/register/8358052400625820429>

Take a deep dive into Homesnap Pro's robust features and learn how to use Property Heatmaps to find your next listing, as well as how to walk pro and create videos using Homesnap Stories. This is a live and interactive training hosted by your Industry Education Partner, Evelyn Pulido. This session includes:

- Property Heat maps – prospecting and owner info
- Using our net sheet calculator
- Sell Speed
- Saving homeowner profiles

Please make sure that you have downloaded the app from the App Store (iPhone) or Play Store (Android) prior to this webinar. You will have a few options Homesnap and Homesnap real estate & rentals, Homesnap Pro they are the same app. You may choose the first option (we only have one app-it's all the same even though you'll see several options) it is titled "House finder by Homesnap." Also, It is helpful to have a fully charged mobile device and/or iPad or tablet.
