

# Discover the Sales Benefits of RMLS™ Green Fields

Discover the RMLS™ Green Features Guide during a one-hour webinar with Fiona Douglas-Hamilton and Earth Advantage®!

This webinar will introduce brokers to the RMLS™ Green Features Guide and illustrate how the tool can be used to identify green features, develop custom searches, and more.

Attendees will learn how the RMLS™ Green Features Guide supports the new RMLS™ Green/Energy Supplement form; gain insight into matching green features to RMLS™ green fields; and learn how features and their benefits correlate with energy efficiency, water efficiency, indoor air quality, green materials, and site sustainability.

Register for Discover the Sales Benefits of RMLS™ Green Fields. Continuing education credit (1CE) is available to attendees.

## **OAR Green Designation Course (Portland)**

The Oregon Association of REALTORS® will be offering their Green Designation course at the RMLS™ office in Portland October 12-14, 2015. Attendees can use these courses to obtain and use the National Association of REALTORS® Green Designation. Up to 18 hours of CE credit is available over three days, including the following classes:

**Monday, October 12th**

**Green 100: Real Estate for a Sustainable Future** This course will help attendees understand the role of real estate in finding the balance between people, planet, and prosperity. This course educates attendees on the wide array of nationally recognized certifications and ratings programs that evaluate homes, products, energy efficiency, and professionals.

**Tuesday, October 13th**

**Green 200: The Science of Green Building**

This course will familiarize attendees with green principles and choices in home design and construction; raise awareness of innovative materials, systems, and construction methods; educate about energy-efficient systems like onsite power generation; and distinguish levels and cost/benefits of retrofitting, remodeling, or renovating existing homes.

**Wednesday, October 14th**

**Green 300: Greening Your Real Estate Business**

This course gives real estate professionals the training needed to represent today's sellers and buyers, teaching the skills green-minded REALTORS® need to utilize a new knowledge.

Learn more or register for OAR's Green Designation Course in Portland.
