

Forms & Documents Keyword Search Added to RMLSweb

We've added a new Keyword Search to our Forms & Documents menu on RMLSweb. Our Forms & Documents menu has always been filled with lots of useful information, along with the documents that you need in your day-to-day business.

Now, instead of navigating through a list of folders, you can type in a keyword and search! Here's a short demonstration:

In addition to the Keyword Search, you can also browse by Tags or by the old "folder"-style organization. Oh, and you can also search the archives of Newsletter articles as well (we'll have more on that later!).
