RatePlug: Here's What You'll See on RMLSweb

RatePlug is now available to all RMLS™ subscribers!

RatePlug is a free service that allows homebuyers to view real-time mortgage products, payments, and other mortgage details specific to each property they view on RMLS*web*. Read about RatePlug's benefits.

When you sign up for RatePlug, what changes will you see on RMLS*web*?

• A new "Client Full – RatePlug" option is now available in the drop-down list of available reports on each listing.

• Nearly every listing will show mortgage information to clients, based on the listing's information.

• Subscribers who sign up for RatePlug can update their auto-email prospect profiles to utilize the new "Client Full – RatePlug" report.

To do so, go to "Prospecting" in the RMLS*web* navigation bar and click on "Prospect Profiles." Click on the name of a client to receive the RatePlug report. Click on the down arrow to the "Report:" field in the "Auto Email Information" section and select "Client Full – RatePlug" report. Then click "Save" at the top of the page.

Remember—RMLS™ subscribers pay no fee for this service, and you may work with lenders you've already established

relationships with. Enroll for RatePlug on RMLS™ today!
